SUBJECT : Werner GLASENAPP

REFERENCE: Your Telex Summary on GLASENAPP and LAHINI, May 1957

1. The American agency which has been investigating GLASENAPP has forwarded the following report for your information:

a. According to the Berlin Document Center (BDC) GLASENAPP was a member of the KHDAP in 1932 and was prominent in Hitler Youth sports circles. He was also connected with the SD, probably as an informant. His police record indicates numerous implications of fraud and suspicion of other petty crimes. At present there are several law suits and charges pending against him.

b. GLASENAPP has stated to several persons in Berlin including Richard HENNING and Max FORNBACH that he works for GASSA. HENNING believes this and further believes that GLASENAPP will obtain a job with GASSA for him. Both HENNING and FORNBACH have divulged considerable personal information, including statements on their former resistance activities to GLASENAPP. The latter makes copious notes on all this information.

c. GLASENAPP spends considerable time in Bonn on business negotiations that appear to concern mainly construction work. However, an interest in defense contracts is also indicated.
